

TRA OTC 購買指引 / TRA OTC Purchase Guide

一、基本資訊 / Basic Information

官方收款錢包 (USDT 收款地址, BNB Chain) :

多簽 Safe 地址: 0x86233e80d80eA10a33De144E86d541b319D8C448

支援鏈: BNB Smart Chain (BEP-20)

收款資產: USDT (BEP-20)

發送資產: TRA 代幣

TRA 合約地址 (BNB Chain) :

TRA 合約地址: 0x7fB06c7794fe9E0da038728D20bE534327f43523

售價 (示例) :

目前建議在公告中明確列出價格，例如：

1 TRA = 10 USDT (僅供示例，實際價格以官方公告為準)。

Official receiving wallet (USDT on BNB Chain):

Safe address: 0x86233e80d80eA10a33De144E86d541b319D8C448

Supported network: BNB Smart Chain (BEP-20)

Asset you send to the project: USDT (BEP-20)

Asset you receive from the project: TRA token

TRA contract address (BNB Chain):

TRA contract address: 0x7fB06c7794fe9E0da038728D20bE534327f43523

Price (example):

Please clearly announce the price in your official channels. Example:

1 TRA = 10 USDT (example only, actual price is subject to official announcement).

二、投資者 / 社群用戶購買流程 / How Community Users Buy TRA (OTC)

【中文版本】

1) 確認你擁有：

- 一個支援 BNB Smart Chain (BEP-20) 的錢包 (如 MetaMask、Trust Wallet 等)
- 錢包內有 USDT (BEP-20) 以及少量 BNB 作為 Gas 費

- 2) 向官方團隊（或合作 KOL）確認：
 - 本輪 OTC 價格（例如：1 TRA = 10 USDT）
 - 最低購買數量：10TRA
 - 官方收款地址: 0x86233e80d80eA10a33De144E86d541b319D8C448
- 3) 在你的錢包中，選擇 USDT（BEP-20），點擊「發送 / Send」，
 - 收款地址填寫：官方多簽 Safe 地址（BNB Chain）
 - 金額：按照與官方確認的 USDT 金額
 - 網絡：請務必選擇 BNB Smart Chain / BEP-20
- 4) 發送完成後，將以下訊息回覆給官方或 KOL：
 - 你的收幣錢包地址（BNB Chain，收 TRA 用）
 - 你實際轉出的 USDT 金額
 - 該交易的 Tx Hash（交易哈希）方便對帳
- 5) 官方在區塊鏈上確認收到 USDT 後，會由多簽錢包把對應數量的 TRA 轉到你提供的地址。
 - 全程 on-chain 可查，
 - 根據官方公告的處理時間，一般會在約定時間內完成派發。

[English Version]

- 1) Make sure you have:
 - A wallet that supports BNB Smart Chain (BEP-20), e.g. MetaMask, Trust Wallet.
 - Some USDT (BEP-20) and a small amount of BNB to pay gas fees.
- 2) Confirm with the official team or partner KOL:
 - The current OTC price (e.g. 1 TRA = 10USDT).
 - Minimum purchase amount : 10TRA
 - The official receiving address : 0x86233e80d80eA10a33De144E86d541b319D8C448
- 3) In your wallet, select USDT (BEP-20) and click "Send":
 - Recipient: Official multisig Safe address on BNB Chain.
 - Amount: The USDT amount you agreed with the team.
 - Network: Make sure it is BNB Smart Chain / BEP-20.
- 4) After sending, send the following details back to the team/KOL:
 - Your receiving wallet address on BNB Chain (to receive TRA).
 - The exact USDT amount you sent.
 - The Tx Hash of your payment transaction for reconciliation.
- 5) Once the team confirms receipt of your USDT on-chain, they will transfer the corresponding amount of TRA from the multisig wallet to your address.

- Everything is verifiable on-chain.
- Distribution will be completed within the timeframe announced by the team.

三、官方團隊內部操作流程（建議） / Suggested Internal Flow for the Team

【中文】

- 1) 建立一個簡單的表格（如 Excel 或 Google Sheet），記錄每一位購買者：
 - 時間
 - 用戶錢包地址（收 TRA 的 BNB Chain 地址）
 - 用戶支付的 USDT 金額
 - 應發 TRA 數量
 - 實際發放時間
 - 狀態（未發放 / 已發放）
- 2) 由多簽 Safe 錢包統一收款與發幣：
 - 所有 USDT 收入都進入官方多簽 Safe。
 - 從同一個 Safe 地址發放 TRA，確保可追蹤與審計。
- 3) 設定固定派發時間（例如每天 1–2 個時段）：
 - 例如每天 14:00 及 22:00 統一處理之前收到的付款。
 - 減少零散操作與簽名壓力。

[English]

- 1) Maintain a simple spreadsheet (Excel / Google Sheet) to log each buyer:
 - Time
 - User's wallet address (BNB Chain address to receive TRA)
 - USDT amount paid
 - TRA amount to be sent
 - Actual transfer time
 - Status (Pending / Completed).
- 2) Use the multisig Safe as the only official treasury:
 - All USDT payments are received into the same Safe address.
 - TRA is always sent out from the same Safe, making tracking and auditing easier.
- 3) Set fixed distribution times (e.g. 1–2 time slots per day):
 - For example, process all pending payments at 14:00 and 22:00.
 - This reduces signing pressure and avoids mistakes.

四、重要風險提示 / Important Notices & Risks

【中文】

- 1) 請務必確認匯款地址：官方只會使用公告中的多簽 Safe 地址收款。任何其他地址均屬風險，請勿轉賬。
- 2) 請確認使用正確鏈：只接受 BNB Smart Chain (BEP-20) 的 USDT，使用其他鏈（如 TRC-20、ERC-20）一律視為風險轉賬，可能無法找回。
- 3) 加密資產價格波動較大，購買 TRA 前請自行評估風險。此文件不構成任何投資建議。
- 4) 請防範假冒客服或假冒官方帳號，官方重要資訊應以官網、官方社群及經認證之帳號為準。

[English]

- 1) Always verify the receiving address: the project will only use the officially announced multisig Safe address to receive funds. Any other address should be treated as unsafe.
- 2) Always check the network: only USDT on BNB Smart Chain (BEP-20) is accepted. Transfers on other networks (TRC-20, ERC-20, etc.) are at your own risk and may be unrecoverable.
- 3) Crypto assets are highly volatile. Please assess your own risk tolerance before purchasing TRA. This document does NOT constitute financial or investment advice.
- 4) Beware of impersonators and fake support accounts. Always rely on the official website, official communities and verified accounts for critical information.
